HOSPITAL QUALITY CARE, HOTEL QUALITY SERVICE

# EXCEPTIONAL INDIVIDUALIZED CARE

At Buena Vista Care Center we create a lasting quality experience for our guests and their families. Not only do we provide individualized therapy programs, but we have highly skilled and compassionate medical personnel who are dedicated to assist our guests with the activities of daily living, medication monitoring, and much more. Our mission is to create an individualized, comprehensive rehabilitation program to ensure a speedy recovery and to return our guests safely home.

We understand that the journey to recovery is challenging, so we encourage our guests and their loved ones to be involved in the process. Buena Vista Care Center is committed to provide Hospital Quality Care and Hotel Quality Service.

# 24 HOUR SKILLED NURSING CARE

Our compassionate medical personnel makes the daily health care needs of our guests their top priority. Our nurses provide direct care while coordinating with our physicians to ensure that our guest's specific needs are satisfied. We are able to provide the highest level of care because of our unrivaled medical team. Buena Vista Care Center is proud to work with the best Orthopedic Surgeons, Cardiologists, Neurologists, and Physiatriests in the community. It is because of our prestigious medical team that we are able to provide such services as: intravenous therapy, comprehensive wound care management, medication preparation and administration, respiratory management and diabetic management.

# INDIVIDUALIZED THERAPEUTIC SERVICES

Buena Vista Care Center's highly experienced therapists and clinical physiatrist are here to provide you with a customized therapeutic program. Before transitioning back home we want to ensure an optimal level of independence.

## WHAT TO EXPECT

**Check In:** Our welcoming staff will introduce you to the services we provide while you settle in.

**Care Plan:** A comprehensive therapeutic program is created by our clinicians specific to you.

**Team Work:** The exceptional therapists are here to work with and motivate you during your recovery.

### **Progress Updates:**

Effort to communicate with the family regarding the progress of their loved one.

### **Optimal Performance:**

Continuing therapy to the highest practicable level to ensure your confidence in returning home.

### **Returning Home:**

Congratulations! Our team will ensure that you have a smooth transition home with any home care and equipment you may need.

### **PHYSICAL THERAPY**

Focuses on improving your strength, mobility, balance and ambulation.

### **OCCUPATIONAL THERAPY**

Occupational Therapists will re-educate your body to perform the activities of daily living, including: bathing, dressing and transfers.

### **SPEECH THERAPY**

Our Speech Therapists will assess for dysphagia and will help you to improve your ability to safely swallow.

# HEALING

Enjoy your time at Buena Vista in one of our functional and pleasant guest rooms. Each room has wi-fi that helps you remain connected during your stay.
